Please note: The course selection process begins with curriculum night, January 11, 2018. Each student will be provided scheduled time to meet with his/her counselor. Changes on those selections can be made through March 9, 2018. Falls Church staff spends considerable time assisting students with their selection of appropriate courses. Since all decisions regarding staffing, instructional supplies, etc. are made based on those selections, schedule change requests after March 9, 2018 may only be accommodated under very limited circumstances and may not be possible due to space availability. Courses dropped after 1st quarter will receive a "WP" or "WF." All Academies including FC Academy require registration. The student will receive a confirmation in his/her FCPS google email upon registration. See your counselor before March 8th if you have not received confirmation.

Possible changes to course selection may occur for three main reasons. (1) Students may be placed in support classes based on end of year progress and assessments. (2) If a course is canceled or overenrolled, the alternate course will automatically take its place. (3) Similarly, if there is a conflict with another course, we will automatically select the alternate course over the summer. Course selection can be viewed on SIS ParentVUE and StudentVUE.
