Possible Course Sequences for AP Science

<u>If you are in Honors Chemistry or standard Chemistry, the AP science classes could take next year are:</u>

- AP Physics 1 (co-requisite of pre-calculus)
- AP Chemistry
- AP Biology
- AP Environmental Science
- AP Physics C –Mechanics (co-requisite of calculus)

<u>If you are in AP Physics 1 or standard Physics 1, the AP science classes you could take next year are:</u>

- AP Physics C – Mechanics (co-requisite of calculus)
- AP Physics 2
- AP Chemistry
- AP Biology
- AP Environmental Science

<u>If you are in AP Chemistry, the AP science classes you could take next year are:</u>

- AP Physics 1 (co-requisite of pre-calculus)
- AP Biology
- AP Environmental Science
- AP Physics C –Mechanics (co-requisite of calculus)

<u>If you are in AP Biology, the AP science classes you could take next year are:</u>

- AP Physics 1 (co-requisite of pre-calculus)
- AP Chemistry
- AP Environmental Science
- AP Physics C –Mechanics (co-requisite of calculus)

<u>If you are in AP Environmental Science, the AP science classes you could take next year are:</u>

- AP Physics 1 (co-requisite of pre-calculus)
- AP Biology
- AP Chemistry
- AP Physics C –Mechanics (co-requisite of calculus)

<u>If you are in AP Physics C –Mechanics, the AP science classes you could take next year are:</u>

- AP Physics C –Electricity & Magnetism
- AP Chemistry
- AP Biology
- AP Environmental Science
