

9th Grade College Checklist

- Take the most challenging courses possible. You'll thank me later!
- Start your research on your dream career. Use Family Connection!
- Find out your learning style through the Learning Style Inventory in Family Connection.
- Talk to your Career Center Specialist or School Counselor about creating a college admissions plan.
- Talk to your parents about saving for college.
- Talk to the Career Center Specialist about scholarship opportunities.
- Get active in your school community! Explore and get involved in extra-curricular activities or volunteer for community service.
- Explore summer enrichment programs that focus on a particular subject you enjoy, such as science or math. Or a career area that you would like to explore, such as Architecture.
- Your grades are one of the top items colleges/universities want to see; so do your best for a great GPA!
